Organic for you
Sustainable for the planet

www.augaorganics.com

Sourced strictly from **AUGA** farms

At AUGA farms, we ensure that our organic dairy cows are raised in strict compliance with environmental and animal welfare standards.

By grazing in natural pastures during the summer and feeding on our own, locally grown and prepared organic feed throughout the year, our cows yield high-quality, delicious milk.

We ensure feed to final product process control.

We produce more than 25 thousand tons of organic milk per year.

ORGANIC DAIRY

	 Brutto	 Netto			
Raw milk	Bulk	Bulk	72 hours	Milk tanks - bulk	-
Skimmed milk powder	935 kg	900 kg	24 months	25 kg paper bags	36
